Dear Michigan City Resident,

The city of Michigan City has a diverse and talented community of skilled workers, craft persons and laborers who are qualified to work in the construction industry. Therefore, Ordinance #4102 was passed as an amendment to Ordinance #3974, also known as the "Michigan City Local Hiring Program." The program was created to encourage the hiring of local residents, including minorities and women.

Each contractor who works on a municipal construction project for which more than $200,000 is spent agrees to meet the Resident Hiring Quota of 50% of the total hourly wages paid for the construction project at the construction site. The Michigan City Human Rights/ EEO Department works to maintain a list of residents who have expressed interest in working on construction projects along with their skill sets. The list is available to the contractor as a resource to find available local workforce.

The Department regularly updates the Local Resident Hiring Registry. Feel free to complete our online registration form OR complete a form at the Michigan City Human Rights Department, City Hall, 100 East Michigan Boulevard.

If you have questions, feel free to contact the department.

Sincerely,

Jeffrey A. Deuitch
Executive Director/EEO Officer
