Subject: Flood Zone Re-mapping in Michigan City

Loan Reference Number: \_\_\_\_\_

Property Address: \_\_\_\_\_

Dear \_\_\_\_\_:

As a result of the completion of Earl Road Flood Control Facility (Striebel Pond) in Michigan City, Indiana, a Letter of Map Revision (LOMR), a copy of which is attached, has been issued by the Federal Emergency Management Agency (FEMA) removing the Village Green, Forest Manor and Ohio/Wabash corridor neighborhoods from the Special Flood Hazard Area (Zone A2 and Zone A4) designation.

After reviewing the revised map panels, it appears that my property is no longer located in a special flood hazard area. A copy of FEMA's Letter of Map Revision (LOMR) identifying the case number of the map revision is attached for your reference, as well as a partial copy of the annotated Flood Insurance Rate Map (FIRM).

Please make a new map determination on my policy for the above referenced address. If it is determined that my structure is no longer located in a special flood hazard area, kindly provide me with a letter stating that "the requirement for flood insurance no longer applies". This documentation is required by the National Flood Insurance Program in order to cancel my flood policy and obtain a refund.

Thank you for your attention to this matter.

Sincerely,

\_\_\_\_\_

Enclosure: Copy of FEMA LOMR (1 page)  
Copy of portions of Annotated FIRM (2 pages)
