

Michigan City Municipal Golf Course
2004 Corporate Golf Package
Approved by the Michigan City Park Board 11/07/03

Michigan City has experienced some difficult economic times during the past few years. The Michigan City Golf Course has something that may help existing businesses as well as future businesses coming to Michigan City.

We have designed a corporate golf package that will allow businesses to purchase rounds at discounted rates for both cars and green fees. Businesses will have the flexibility of using these coupons for their customers or their employees.

We believe the corporate golf package will be an excellent opportunity for us to build a relationship with the business community.

Corporate golf packages would be sold in 25, 50, 75, and 100 round increments. Our business customer will be given a coupon book. Coupons can be presented to clerks at either the North or South Course in lieu of payment. Each coupon is good for one round including a car.
