WESTCOTT PARK POLICE SECURITY CAMERA ACTIVATED

Michigan City – Mayor Chuck Oberlie and Police Chief Mark Swistek announced today that a newly installed “Police Camera” has been installed and activated at Westcott Park, located on Michigan Boulevard at U.S. Hwy. 12.

Mayor Oberlie said, “The Michigan City Police Department has long embraced achieving public safety enhancements through the use of new technology and this is another example of adding to the ‘toolbox’ of items at our disposal to protect the public.”

Chief Swistek said, “The security camera at Westcott Park has been tested and is working well. To supplement the aesthetic enhancements of Westcott Park, the MCPD is working proactively to establish a secure environment at the park for the benefit of all citizens who visit this new public amenity.”

As additional funds become available, more cameras will be installed in the city.
