“2017” LEAF PICK UP

The Michigan City Street Department and Sanitary District
Have Begun Fall Leaf Pickup

The Street Department and the Sanitary District have begun the fall leaf pickup process. These departments will be covering all areas of the city on a daily basis, Monday through Saturday, until all of the leaves are picked up. All residents are encouraged to rake, blow, and/or place their leaves near the street curb along the front of their property. In addition, compost will be picked up along with the leaves.

If citizens have branches that need picked up please call in your requests to the Central Service Department at 873-1500.

The Street Department and Sanitary District request that residents cooperate by following these rules:
- No plastic bags are to be used
- Branches, rocks and other debris must be kept out of the leaf piles
- Leaf piles should be loose in large piles in front of the property as close to the curb as possible, but away from the sewer drains and Fire hydrants.
- (NO TOTERS PLEASE)

NOTE* Leaves will not be picked up in the alleys.
