“2016” LEAF PICK UP SCHEDULE

The Michigan City Street Department and Sanitary District Will Begin Fall Leaf Pickup on Monday, October 24, 2016

This year we will not be splitting up areas each week. The City Departments will be picking up all areas of the City daily Monday through Saturday until all leaves are picked up. All residents are encouraged to rake, blow, and/or place their leaves near the street curb along the front of their property, beginning on Monday October 24, 2016.

Additionally, residents can ready their leaves for compost pickup by placing their leaves in paper yard bags or 32 gallon trash cans in the front of property on their regular compost pick up day, until the week ending November 19, 2016. (NO TOTERS PLEASE).

If citizens have branches that need picked up please call in your requests to the Central Service Department at 873-1500.

The Street Department and Sanitary District request that residents cooperate by following these rules:
❖ No plastic bags are to be used.
❖ Branches, rocks and other debris must be kept out of the leaf piles.
❖ Leaf piles should be loose in large piles in front of the property as close to the curb as possible, but away from the sewer drains and Fire hydrants.
❖ Please do not use Toters, leaves will not be picked up in those containers.

NOTE* Leaves will not be picked up in the alleys.
