WORKSHOP ON SOUTHSORE LINE

Mayor Chuck Oberlie would like to remind the citizens of Michigan City, a workshop on the SouthShore Line will be held this Wednesday, July 29, 2009, at 6:30 p.m. in the Council Chambers at the Michigan City City Hall.

The City has partnered with NICTD to retain Mr. Stu Sirota of the TND Planning Group as the facilitator to conduct an innovative public process. Mayor Oberlie stated, “The City of Michigan City and NICTD recognize the need to hold this type of public process, are excited about it, and that Mr. Sirota’s expertise in transit planning and innovative public involvement, along with his background working in Michigan City on these issues for nearly two years makes him ideally suited for this task.”

The workshop will begin in the Council Chambers then break up into break-out groups using the various conference rooms and the multi-purpose room in City Hall. The participants will then regroup for the last summary session in the multi-purpose room.

Mayor Oberlie continued, “In order to help us plan for adequate work space and supplies, attendees are encouraged to r.s.v.p. as soon as possible by calling the Mayor’s Office at 873-1400. Your cooperation is appreciated.”
