## Ruby Woods Clean Up on Earth Day 2004

**Michigan City, IN** (April 20, 2004) On April 22, 1970, the first Earth Day was held. People all over the country made promises to help the environment. Millions of people got involved and since then, Earth Day has spread all over the planet. People all over the world know that there are problems we need to work on, and this is our special day to look at the planet and see what needs changing.

Pat Boy, Fourth Ward City Council Member, looked around her neighborhood and realized one special area needed some help. She is heading up a project to clean Ruby Woods. "The area needs some TLC," Councilwoman Boy said. "There are plastic bags and other trash scattered throughout the property."

Volunteers for the Ruby Woods project should meet in the NW corner of Jewel Parking Lot (behind the store and near the woods) at 3:30 p.m. on Thursday, April 22<sup>nd</sup>. The project will end at 5:30 p.m. that day. Trash bags and plastic gloves will be provided for volunteers by Councilwoman Boy.
