

Best Practices During the COVID-19 Epidemic

- As toilet paper is sold out in our area, we are here to remind you to **ONLY** flush toilet paper down the toilet!!
- Just because something seems similar to toilet paper, it does **NOT** mean it will break down properly in your pipes. Save yourself the money and the headache of home plumbing problems.
- For more info on the toilet paper shortage: <https://www.cnn.com/.../toilet-paper-shortages-nov.../index.html>
