Effective: 2-19-19

DEFINITION:

Inspect, operate, and maintain the District's wastewater treatment facility including primary, secondary, tertiary, and solids treatment processes; assume responsibility for daily operational controls and monitoring of plant processes including maintaining appropriate records and logs.

This is the journey level class in the Plant Operator series with the ability to perform the full range of duties assigned without immediate supervision and by having a working knowledge of specific policies and procedures unique to the District's treatment plant operation. Positions in this class are distinguished from the Plant Operator II level in that the Plant Operator I does not possess lead responsibility during a shift and are not responsible for handling the more complex problems that may arise within the treatment plant operations.

SUPERVISION RECEIVED & EXERCISED:

- Receives functional and direct supervision from the Plant Operator II and general supervision from the Assistant Superintendent of Operations. In the absence of the Assistant Superintendent of Operations, Plant Operator I may receive general supervision from the Assistant Superintendent of Maintenance.
- Receives direction from the Plant Superintendent.

CHARACTERISTIC DUTIES AND RESPONSIBILITIES OF PLANT OPERATOR I:

Duties and responsibilities may include, but are not limited to, the following:

1. Operate wastewater treatment facilities to control flow and processing of wastewater, sludge and effluent; monitor gauges, meters and control panels; observe variation in operation conditions, interpreting meter and gauge readings and test results to determine processing requirements.
2. Operate valves and gates; start and stop pumps, engines and electric motors to control and adjust flow and treatment processes; operate and maintain boilers; perform routine maintenance work on valves, tanks and related equipment and facilities.
3. Input plant operation data in computer, plot and review trends.
4. Inspect plant equipment; report any failures or operating difficulties to appropriate staff; initiate work order for equipment repairs.
5. Operate treatment plant vehicles and stationary machinery as required in a safe and efficient manner.
6. Collect samples and perform basic laboratory tests and analysis.
7. Assist the Plant Operator II, as needed.
8. Maintain plant units and assigned area in a clean and orderly manner.
9. Maintain appropriate records and logs.
10. Receive calls for service from the public and mobilize staff, as required, to respond to service calls.
11. Learn safe work practices; learn and observe all appropriate safety precautions as required by the District.
12. Follow written orders, verbal orders and Standard Operating Procedures to maintain facility compliance with NPDES Permit. This duty includes the responsibility to report overflows, bypasses, and other noncompliance to the Supervisor.
