

North Pole

PRESS RELEASE

SANTA TO VISIT MICHIGAN CITY AND PICK UP NORTH POLE MAIL ON 12/2/2023.

Children of Michigan City,

Santa and a few of the Elves will be visiting Michigan City on Saturday, December 2nd to attend the opening evening of the Festival of Lights in Washington Park. He hopes to see many of you at the parade. While he's in town, Santa would like to collect all the letters written to him and bring them back to the North Pole! This will be much faster than the North Pole Post Office! If you would like to receive a special letter from one of Santa's helpers, please deliver your mail to the mailbox located in Washington Park by **midnight** on **December 2nd**. Be sure to include your name and address. Santa's Elves don't always know where each good little boy and girl live, and since Santa is so busy this time of year, they want to be sure you receive their letters. Keep in mind that cards and letters received after December 3rd may not be answered. The weather here at the North Pole can be treacherous and Rudolph has less time to make trips to the post office with all the reindeer games he's playing in preparation for his Christmas Eve flight.

Well, it smells like my cookies are done baking in the oven. I better get them down to the workshop before Santa and the Elves get too hungry.

Warmest Wishes,

Mrs. Claus
